

Enhanced Shipping Capabilities with Unlimited Potential

Simple Subscription Plans that Enhance Value and Promote Scalability

MyCarrier is excited to announce a transformative new version of our shipping management platform based on direct feedback from our partner carriers and shared shippers. This new version of our platform reveals enhanced new features and functionalities, such as MyInvoiceHub, Advanced Analytics, and Truckload, enabling shippers to streamline and digitize their entire shipping process.

Enhanced Shipping Capabilities with Unlimited Potential

Build a Customized Experience for Your Business

We’ve introduced simplified subscription tiers along with Core and Premium Add-Ons for shippers to tailor their experience.

Core Add-Ons

Starter and Professional subscriptions are eligible to upgrade with any Core Add-Ons to streamline their operations.

Premium Add-Ons

Starter and Professional Tiers can add enhanced invoice management and resolution with **MyInvoiceHub** and explore connectivity with other core technologies through **MyIntegrations**.
